

4 Year Old by Simba

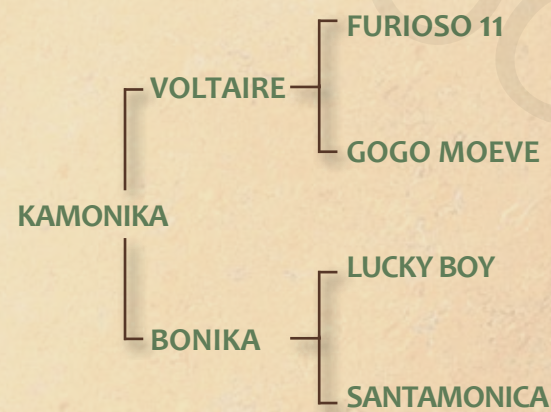

Named after the 'Lion King' in the fictional movie 'the Jungle Book' Simba was indeed aptly named. His athleticism and agility are **cat-like** and his enjoyment of performing in his 'jungle', the showjumping arena, is evident to all who watch. Simba is a real character with enormous presence, yet in the stable he is as **gentle as a kitten**.

Simba's pedigree brings together 3 of Europe's most famous bloodlines:

*Heartbreaker*  
*Voltaire*  
*Lucky Boy*

Simba's **Sire Heartbreaker** is by the world renowned **Nimmerdor** who himself was a successful international Showjumper. Heartbreaker needs no introduction. While competing with his rider **Peter Geerink** he was placed in the worlds biggest Grand Prix including **Aachen** and **Dortmund**. As a sire he has led the showjumping index in Holland and Belgium and has numerous sons jumping at the very top.

Simba's **Dam Sire Voltaire** is equally impressive carrying the influential bloodlines of **Furioso 11** and **Gotthard**. Voltaire competed worldwide from Calgary to Wembley winning the Berlin Grand Prix with World Champion Jos Lansink. As a sire Voltaire has **over 30 approved sons** in Europe finishing second in the 1999 World Breeding Rankings of Showjumping Sires. Add to Simbas pedigree the thoroughbred **Lucky Boy** who features in the background of many of today's top jumpers including Nick Skelton's Arko.
